Assessment of the Adult Patient

September 6th, 2018

7:30 a.m. to 4:00 p.m.

Minneapolis VA Simulation Center

(in the parking lot North of the hospital)

Please read driving and parking directions carefully

Description/Learning Outcomes

The accurate and timely assessment of the adult patient can make the difference between rapid recovery and serious setbacks. The learning outcome is to improve the learner's ability to accurately assess the cardiovascular, neurological, pulmonary, gastrointestinal, endocrine, and renal systems. Simulation will help learners strengthen their clinical knowledge base, critical thinking skills, as well as helping learners to see how to improve or sustain good performance. Learners will leave feeling better prepared to manage these types of critically ill patients.

Please bring your stethoscope.

The VA Simulation Center is located on the second floor of Building 68 in Room 227

Please allow at least TEN minutes to get to the classroom from either the hospital or parking lots.

Driving Directions	Parking Directions
Take Hwy. 55 to 54 th Street and go west. Go past the stop sign on Minnehaha and turn left at the second entrance into the VA parking lot. Visitors should park in Lot 11 (overflow lot) or in Lots 9 or 10.	Head towards the building which is northwest of the hospital. Enter using the southeast entrance that faces parking Lot 7. The door is to the right of the smoking shelter ("68-2" sign located above the door). The northwest entrance is for the daycare—do not go in this door. Entry to the second floor is only available through the stairwell or elevator. Walk through the door directly across from the elevator to the end of the hall to room 227.

There is a light rail station in front of the Minneapolis VA Health Care System. Check <http://www.metrotransit.org/light-rail> for information on taking the light rail.

NOTE: There is not a cafeteria in this building. Please bring refreshments (snacks and drinks) for break time and consider packing a lunch so that you don't need to walk to and from the hospital. There is not a refrigerator available. Dress in layers to accommodate fluctuations in temperature. Doors to the Simulation Center Room will not be open until approximately 7:30 a.m. Doors to the building should be open by 7:00 a.m.
